

## Light of My Evening

The Karma Factory Music & Lyrics © 2023 Scott Lippincott, Nursery Rhymes Music (BMI)

Lend me your ear  
And I'll sing you a song or two  
Lend me your heart  
And I'll write one especially for you

Cuz you are the light of my evening  
That always has shined so bright  
You are the light of my evening  
And I'm turning you on tonight  
Tonight  
Tonight

Show me your face  
And I'll show you another that smiles  
So comon with me and  
We'll sit on the beach for a while

We'll laugh and we'll talk  
And we'll count all the stars in the sky  
We'll light up the moon as  
It slowly goes passing on by

Cuz you are the light of my evening  
That always has shined so bright  
You are the light of my evening  
And I'm turning you on tonight  
Tonight  
Tonight

Lend me your ear  
And I'll sing you my song or two  
You know from the start  
That it's right from the hear just for you

Cuz you are the light of my evening  
That always has shined so bright  
You are the light of my evening  
And I'm turning you on tonight  
Tonight  
Tonight
