

Trampoline

The Karma Factory Music & Lyrics © 1997,2023, Scott Lippincott, Nursery Rhymes Music (BMI) Ken David, Flamesong Music (BMI)

Here she comes
I guess I'm outta here
When I hear her voice around
It's time to disappear
Seems to me
I'm not the only one
When you think she's finished
She's only just begun

I won't be your trampoline
I won't be your trampoline
I won't be your trampoline
I won't be your trampoline

I don't know
What have I done to me
Even though I'm looking out
It's hard for me to see
Am I weak
Or am I just to sane
You'll just end up crying laughing
and I'll end up in pain

I won't be your trampoline
I won't be your trampoline
I won't be your trampoline
I won't be your trampoline

I've been around too long
It's like worn out song
And I know I don't belong
It's time to carry on

I won't be your trampoline
I won't be your trampoline
I won't be your trampoline
I won't be your trampoline
